Adventures Along the Way

Beyond her work as an author, speaker, and teacher, Janie has always embraced life as an adventure. An accomplished equestrian, she treasures the lessons learned from her horse, Max, whom she considers one of her greatest spiritual teachers. She has traveled extensively, with favorite destinations including Iceland, Ireland, New Zealand, and Italy—each journey offering new inspiration.

Janie's adventurous spirit extends beyond travel. She has bungee jumped, parachuted, and zip-lined, embracing the thrill of stepping into the unknown. She has managed Arabian horse farms, explored winding paths both literal and spiritual, and even shaken hands with a U.S. president.

For Janie, these adventures—whether grand or simple—are all part of the journey of living fully and embracing the joy of being alive.

Short Bio

Janie MacMillan is an author, speaker, and teacher of the Akashic Records. A former corporate trainer, she now facilitates healing, clarity, and transformation through the Records. An adventurer at heart, Janie has traveled extensively—favorites include Iceland, Ireland, New Zealand, and Italy—and counts bungee jumping, parachuting, and zip-lining among her highlights.

Medium Bio

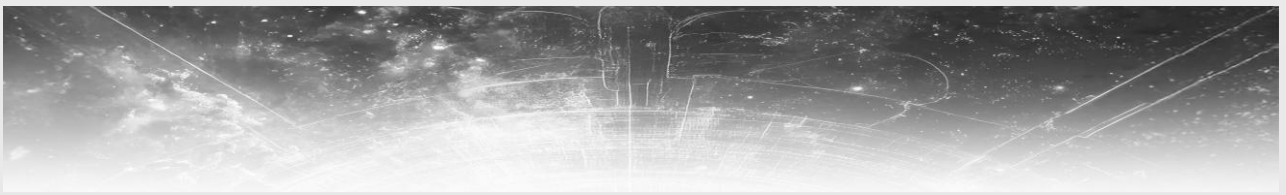

Janie MacMillan is an author, speaker, and teacher of the Akashic Records. Since 2011, she has guided students and clients worldwide in accessing the Records for wisdom, healing, and clarity. She is the author of *The Akashic Records Speak: Yes! There IS More to Life*.

Before devoting her life to spiritual teaching, Janie spent more than 20 years as a corporate trainer and coach, specializing in leadership and career development. Her professional background gave her a grounded, practical approach to helping people grow. Spirituality, however, was something she rarely thought about—until a friend's invitation opened a door she had never considered.

In 2001, her friend and mentor Nancy began gently “throwing out pebbles,” encouraging her to see life from new perspectives. Nancy eventually invited Janie to a class called *Learn to Access and Explore Your Akashic Records*. That experience changed her life. Janie vividly remembers her first time connecting with her Records: sitting on a sun-warmed rock, sensing golden light all around her, and hearing the words, “*We are so glad you’re here. We have been waiting for you. Welcome to the party!*” It was more than an introduction—it was a joyful homecoming.

From that moment on, Janie's life shifted. The Records taught her how to release limitations, embrace joy, and fall deeply in love with the adventure of being alive. That sense of adventure also shows up in her everyday life. An accomplished equestrian, she treasures the lessons she learned from her horse, Max. She has traveled extensively, with favorite destinations including Iceland, Ireland, New Zealand, and Italy. She has also bungee jumped, parachuted, zip-lined, managed Arabian horse farms, and even shaken hands with a U.S. president.

Today, Janie blends her grounded background in training and coaching with the infinite wisdom of the Akashic Records. Her purpose is to serve as a bridge between humanity and the Records, reminding others that this profound source of love and guidance is available to everyone.

Long Bio

Janie MacMillan is an author, speaker, and teacher of the Akashic Records. Since 2011, she has guided students and clients worldwide in accessing the Records for wisdom, healing, and clarity. She is the author of *The Akashic Records Speak: Yes! There IS More to Life*.

Before devoting her life to spiritual teaching, Janie spent more than 20 years as a corporate trainer and coach, specializing in leadership and career development. Her professional background gave her a grounded, practical approach to helping people grow. But spirituality wasn't something she was even thinking about—until an unexpected invitation set her on a very different path.

In 2001, a close friend and mentor, Nancy, began gently “throwing out pebbles,” opening Janie to new ways of thinking about life. Nancy eventually invited her to a class she was teaching—*Learn to Access and Explore Your Akashic Records*. That invitation changed everything. Janie vividly remembers her very first experience connecting with her Records: sitting on a sun-warmed rock, feeling golden light all around her, and hearing the words, “We are so glad you’re here. We have been waiting for you. Welcome to the party!”

That moment was more than an introduction—it was a joyful homecoming. It awakened Janie to the limitless love, wisdom, and possibility of the Records, and set her on a path that transformed not only her beliefs, but her attitude toward life itself. Through the Records, she discovered how to embrace joy, release limitations, and fall deeply in love with the adventure of being alive.

Adventure, in fact, has always been part of Janie’s story. An accomplished equestrian, she treasures the lessons learned from her horse, Max, one of her greatest spiritual teachers. She has traveled extensively, with favorite journeys to Iceland, Ireland, New Zealand, and Italy. She has bungee jumped, parachuted, zip-lined, managed Arabian horse farms, and even shaken the hand of a U.S. president. For Janie, these outward adventures mirror the inner journey of the soul: each leap, each path, and each encounter offers a chance to grow, connect, and rediscover who we truly are.

Today, Janie blends her grounded experience in training and coaching with the infinite wisdom of the Akashic Records. Her purpose is to serve as a bridge between humanity and the Records, inspiring others to understand that this profound source of love and guidance is not reserved for a select few—it is available to everyone.

Her mission is simple yet profound: to remind us that we each carry the wisdom of our soul within, and that when we open to that wisdom, life itself becomes a sacred adventure filled with purpose, passion, and possibility.

Long Synopsis (418 words)

For centuries, seekers have asked life's deepest questions—Why am I here? What is my purpose? With warmth, clarity, and a unique exuberance, *The Akashic Records Speak: Yes! There IS More to Life* offers readers insight directly from the Akashic Records themselves.

In this groundbreaking book, the Records respond with profound guidance, inviting us to release limiting beliefs, remember our worth, and embrace the joyful, meaningful lives available to us here on Earth.

While many books have been written about the Akashic Records, this book is written by them. Their extraordinary gift offers hope and reassurance that life holds far more possibility, beauty, and connection than most of us imagine. It is at once both timeless and fresh—a reminder that the Records are not a mystery to be studied at a distance, but a living presence available to support us in daily life.

The Records are not inaccessible or reserved for a select few. They are an infinite, all-loving energy field created to help us remain connected to the Divine while navigating the human experience. Like a trusted friend who has walked with us through lifetimes, the Records offer unconditional love, timeless wisdom, and a profound reminder of our eternal connection to Source.

What makes this book especially unique is its dual perspective. Some chapters share the Records' loving wisdom directly, while others offer Janie MacMillan's heartfelt reflections on how she embraced their guidance in her own life. These two perspectives create a dialogue between the infinite and the human—reminding us that transformation does not require perfection, but simply the courage to say YES to the possibilities life has to offer.

At this pivotal time, the Records bring their message forward for two purposes. First, they hope readers will understand them as a dynamic, living support system—always available to help us create the best possible experience of life on Earth. Second, they invite us to see life differently: to recognize the treasures that can only be experienced here—time, emotions, nature, relationships, weather, and even the simple wonder of a hug.

This book is not just a message—it is a call to action. The Records encourage us to stop waiting for permission to be happy and instead step fully into a vibrant, joy-filled life. *The Akashic Records Speak* is both a revelation and an invitation: to walk more fully into life, guided by the Records' wisdom, and to finally know in your heart that YES, there is more to life.

What the Readers Are Saying

"Immediately, I could feel it working within my consciousness. While what the Records say is familiar, I was surprised to feel adjustments in my attitude toward long-standing obstacles and blocks. What seemed insurmountable has transformed into a process. I highly recommend this book for those on the path of healing and conscious spiritual growth."

- Maggie Leysath

"Reading this book already has changed my life. I am questioning my assumptions, my should's, and my unconscious need to do what others think I should and care about what they think. It was transformative! I could feel my sense of obligation lift, almost physically, and my outlook brighten."

- Donna M.

"I felt very uplifted and really felt the energy of the Records inspiring me to go deep, reach for what I want, and know that we are never stuck where we are. The Call to Action felt like a kick in the pants but in a good way! It was like the Records were saying 'Snap out of it! Wake up!' You can really feel the energy of support in every word."

- Maria D.

"The Records' wisdom helped me finally understand that now is my time to know I am worthy of all the good, light, positive things and experiences I have - just because I am me. I am a joyful soul, and I underestimate how I impact people just by being me. I'm always more aware of how they impact me, instead of vice versa. The book helped me 'remember' that energy is not a one-way street!"

- Sara L.

I learned SO MUCH by reading this book. I tend to learn best by example, so seeing Janie and the Records interact was extremely helpful and valuable.

- Mary Jo
